## Development Associate, Operations at the Folger Shakespeare Library

Washington, DC

December 2022 – present

- Processed donations and generated acknowledgements
- Routinely refined and maintained the Tessitura database
- Generated data reports, analytics, lists, and extractions
- Worked with SQL queries and forecasted trends
- Led a project to increase data inclusivity, implementing better access to and variety of gender and pronoun data

## Instructor of Record at Florida State University

Tallahassee, Florida

August 2019 – May 2021

- Developed curriculum and taught in person classes for various introductory Humanities courses
- Led tri-weekly classes with lectures, class activities, and assessments delivered via Zoom to about thirty students
- Graded various assignments for multiple courses

## Graduate Fellow at Linked Women Pedagogues

Tallahassee, Florida

May 2020 – August 2020

- Conducted research for LWP, a project tracking over a century of women’s contributions to pedagogy
- Scraped data from web resources like WorldCat, HathiTrust, Wikidata, and digital library resources
- Inputted data in Excel and ran functions in R to locate named entities within large documents

## Writing & Editing Intern at Active Cities

Remote

May 2018 – August 2018

- Wrote and edited blog posts about different facets of maintaining an active lifestyle
- Worked remotely with a team using various communication programs, including Slack and Skype
- Integrated posts into a WordPress blog and created a monthly newsletter using MailChimp
- Posted regularly on social media accounts, including Pinterest, Twitter, Facebook, and Instagram

## Graphic Design Intern at The Dalí Museum

St. Petersburg, Florida

June 2017 – August 2017

- Collaborated with multiple departments on various internal and external marketing projects
- Produced several unique digital and print marketing materials, including invitations, maps, and other collateral
- Adapted branding for themes, events, and exhibits
- Contributed in meetings for marketing, budgeting, app development, and museum management
